January 25, 2021

The purpose of this memo is to inform you of an upcoming change to the following product. Effective with orders placed into a production schedule on February 8th, any Mortise and Tenon door over 42" in height will come standard with a center rail. The center rail will be the same size as the stiles and rails of the door and has the same inside edge detail to match the rest of the door. This change is part of our effort and commitment to continuous improvement of our product and process. Warranty and replacement doors that need to be old style (Without the Door Center Rail) will need to be ordered as a RD or RDB with a NOCTRRDOORRAIL option to get the door to match other cabinets in the previously ordered kitchen.

Nations Cabinetry Team would like to thank you for being a valued and loyal customer. Your satisfaction is always important to us, and we hope we have been successful in providing you with superior customer service and products.

Our goal is to offer only the best in quality when it comes to our products. If you have any questions or need assistance, please contact your Customer Service Representative.

Thank You,

The Nations Team
