Material Information:

Beech

Beech is a heavy, pale-colored medium to hard wood. It has a fine grain and medular rays, similar in appearance to maple or birch woods. Beech wood has a high shock resistance and takes stains well.

Maple

Maple is a close grained wood that is generally straight, but may be wavy in some instances. Its color ranges from nearly white, to an off-white cream color, sometimes with a reddish or golden hue.

Oak

Oak features medium-to-large pores and a fairly coarse grain. Oak wood has a light to medium reddish-brown color that sometimes is streaked with mineral deposits and may vary from a close knot grain to sweeping arch pattern.

Hickory

Hickory is a strong, open grained wood that is known for its flowing grain pattern and dramatic variation in color. It is not uncommon to see doors or parts of doors that range in color from light to deep brown when finished in light or natural stains.

HDF

HDF consist of a hard wood or wood-type center that offers a smooth and uniform surface ideal for solid color finishing.. The advantage of using HDF vs. wood in the core again points to the moisture-resistant nature of fiberboard.

Acrylic

Impeccable surface consistency, scratch resistant high gloss surface and color richness that enhances depth and clarity.

Echo

Reconstituted real wood veneer provides endless opportunities to create the look of rare and common wood. This environmentally responsible alternative is an architectural veneer that is consistent in color and grain, time and time again.

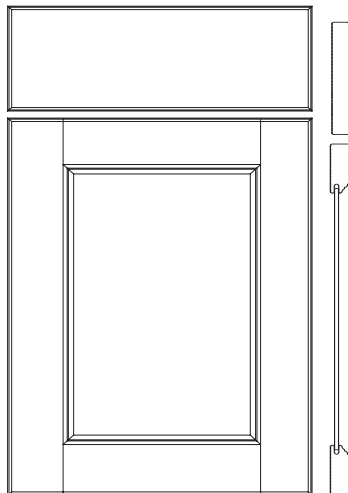

Textured Melamine

Colorful textured melamine that has character with a designer-friendly focus. Authentic to the touch, with the benefits of value and durability, it's a smart surface that you can love.

To better serve our customers need, DreamCraft Cabinetry offers custom cabinetry known as a "Per Drawing".

Anytime a specialty cabinet is requested, we ask that you follow these few simple guidelines to help expedite the process, and ensure that it is done correctly and in a timely manner.

PER DRAWING GUIDELINES

PER DRAWING REQUEST: Complete per drawing request form and submit to your CS Rep. Please ensure that form is filled out properly, as any missing information will delay process.

QUOTE: Price is quoted and returned to you via e-mail/fax - Once this is done, your request is on hold until a preliminary drawing is requested.

PRELIMINARY DRAWING: Once requested, a preliminary drawing is done to confirm cabinet design, style, color and construction. If corrections are necessary, please mark and return drawing to your CS Rep

APPROVAL: To approve, please sign and date the preliminary drawing and return to above e-mail/fax. Please note, shop drawings will not be created until the preliminary drawing is signed and returned.

PRODUCTION: Once your approval is received, it is forwarded to your Customer Service Rep. A drawing number will be assigned and we can begin shop drawings and specifications for our system.

Since a "Per Drawing" cabinet is not run thru our standard manufacturing process, we require at least 2 business days from the time the original request is sent in before item can be placed into production.

Also, Per Drawings are manually built, they are NOT available in Rush.

Custom Color Program

Acct #: _____

Date: _____

Thank you for choosing DreamCraft Euro Cabinetry custom color purchase. Our goal is to provide you with the best service and manage your custom color order efficiently and effectively. Please take a few moments to review the information below.

- Sample cost is \$150.00 Net per sample door (Shaker 2). If custom color is approved, cost of sample is credited to cabinetry order.
- Custom Color Program sample is done in Shaker 2 door style.
- Color name and code must be currently offered from Sherwin Williams.
- Sample is good for 1 year from production.
- After 1 year from production date, a sample door or item must be sent in by the customer in order to check for color drift and reproduce the best replacement product.
- Once sample is approved, material will be produced based off order volume. Materials being produced follow the same process of sample materials with lead times depending on the ability to produce in plant, number of colors on order and volume of order.
- Order will not be processed until color sample is approved and approval signature is submitted to DreamCraft Euro Cabinetry.

DreamCraft Euro Cabinetry products carry a ten year warranty against defective material and workmanship from date of delivery. This warranty does not cover misuse, abuse, overloading, improper storage or installation. During the warranty period, all defective materials will be replaced by DreamCraft Euro Cabinetry at no charge to the consumer except for cost of removal, transportation and installation. Under this Limited Warranty, a primary or secondary home does not include rental property. This Limited Warranty does not apply to landlords, leasing companies or other commercial purchasers.

Wood is a product of nature, each tree varies in grain, pattern, density and color. Nature's impact determines the wood's distinctive character. Color match and grain patterns will vary because of material characteristics and are not considered defects by DreamCraft Euro Cabinetry. Exposure to sunlight, smoke and chemicals may cause some materials to fade or vary from their original color over time.

Photography is for illustration purposes only. Actual colors may vary from those shown in photographs due to the printing process.
