## Innovation as a standard!

February 1st 2019 - Q1

### Stacked Wall pricing

We want all of our customers to know we have just revamped our pricing on our Stacked Wall cabinetry.

Not only can you enhance your design by adding Stacked Wall cabinetry, but save money when product and installation costs are captured in one cabinet rather than two!

### Refrigerator Walls

Add dimension and storage space to your kitchen by incorporating a Refrigerator Wall cabinet into your design! Now a standard offering to our ever growing list of kitchen cabinetry, our refrigerator wall cabinets come 24" deep and offer both functionality and a sleek look to your kitchen.
