January 7th, 2020

First of all, the Nations Cabinetry Team would like to thank you for being such a loyal and consistent customer over the past few years. Your satisfaction is very important to us, and we hope we have been successful in providing you with excellent customer service and products.

We are excited to announce important news regarding the evolution of our BJ Tidwell Cabinetry line and how this change will benefit you. Starting January 1st, 2020, our BJ Tidwell Cabinetry line will now be called Tidwell Cabinetry. Our commitment to our customers remains our highest priority. By re-branding ourselves as Tidwell Cabinetry and becoming a complete source of cabinetry with our DreamCraft line, Nations Cabinetry offers complete product solutions with two service brands to meet our customers' needs.

This re-branding will not affect or delay any current or future orders of Nations Cabinetry. However, this letter is intended to offer notice that all invoicing, packaging, and related documents will start a re-branding process after January 1st, 2020. New Specification/Price books, updated Ufactory system and order form will reflect this change and be available January 27th, while 2020 catalogs and an electronic version of our new TC Specification/Price book will be available for download from our website January 13th, 2020.

One key element in Tidwell Cabinetry, will be the restructuring of our pricing. Effective January 27th, Tidwell Cabinetry will offer 8 price levels - Less price levels, less pricing hassles. Included with this revamp of pricing, is a new option called Dynasty Package. Dynasty Package option contains soft close hinges, dovetail drawers with full extension, under-mount soft close drawer guides and a full adjustable shelf.

This new structure in pricing will also include various adjustments, some of which include price reductions on base and vanity cabinets, while certain wall and tall cabinets incurred a slight increase thus allowing us a better market alignment with competitors.

Our goal is to offer only the best in quality when it comes to our products. If you have any questions or need assistance, please contact your Customer Service Representative.

Thank You,

The Nations Team

The year in review and more!
